

I first heard about self-insurance groups approximately two years before the Home Improvement Self-Insurance Group became available. I was being hammered by workers' comp costs and couldn't wait to join. I was one of the first members to join HISIG in 2005.

The group is comprised of like minded business owners who want to stop generating large profits for insurance companies. In doing so, we are able to control our costs and manage our losses and liabilities. In turn, our cost of workers' compensation is significantly lower.

The Home Improvement Self-Insurance Group has been nothing but a positive insurance experience for my business.
